Of The Smiles

We Left Behind.

Smiles We Gave To One Another —  
For The Way We Were.

Can It Be That It Was All So Simple Then —  
Or Has Time Rewritten Every Line.

If We Had The Chance To Do It All Again,  
Tell Me, Would We, Could We . . .

Memories May Be Beautiful  
And Yet What's Too Painful  
To Remember We Simple  
Choose To Forget.

SO ITS THE LAUGHTER WE WILL  
REMEMBER,  
WHENEVER WE REMEMBER THE WAY  
WE WERE.

# ACTIVITIES

## ELECTION DAY

This year's Student Senate election was held in the gym on October 27. Entertainment was provided by "Sid the Surf" and the Big WISE Sound Factory. The food was prepared by our own Hospitality Department. Speeches were given and the officers elected. The Student Senate officers for 1977 are: Charlene Jaynes, Pres., Danny Phillips, V. Pres., Cheryl Moody, Sec., and Theresa Roskam, Treas.

## MISS A-B TECH, HER COURT, HER DANCE

The mood was light and the spirits high at this years annual Miss A-B Tech Dance. Music was provided by Crosswinds. The magic moment came when Sharon Gentry was crowned Miss A-B Tech 1977. Nancy Coward, Sharon Pettijohn, Sharon Carter, Peggy Davis, Martha Armitage, Missy Brunner, Vickie Stempson, and Diane Minter made up her court. The refreshments were free and everyone had a good time.

...will no longer be  
 possible to this date to notify you if your  
 attendance checks are late!

# WATERMELON CUTTING

A-B Tech students and instructors celebrated the Bicentennial on July 2 with a watermelon cutting. Students were excused from classes for two hours and everyone had a wonderfully wet time.

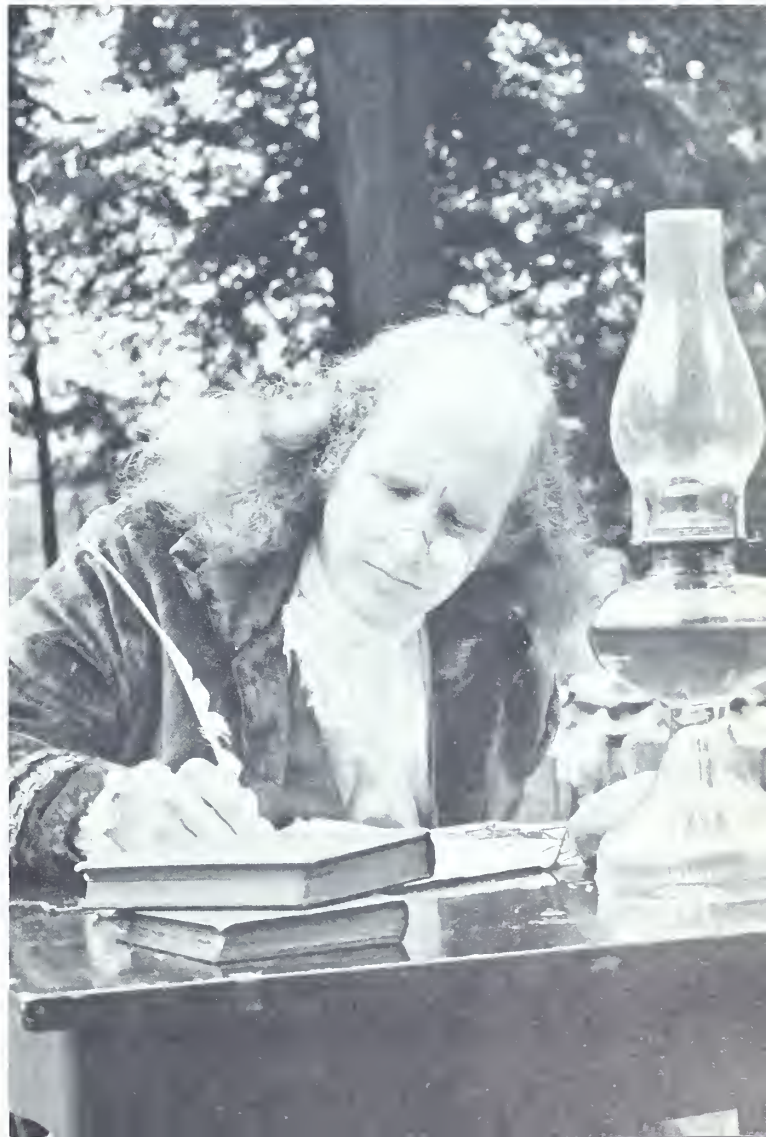

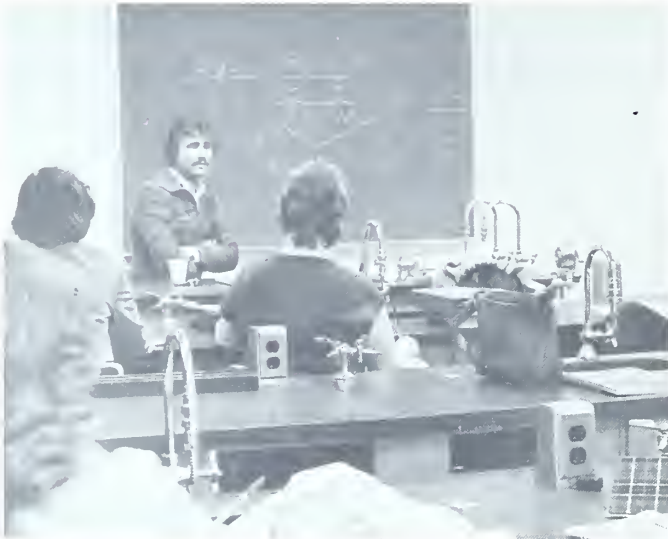

## MOUNTAIN HERITAGE

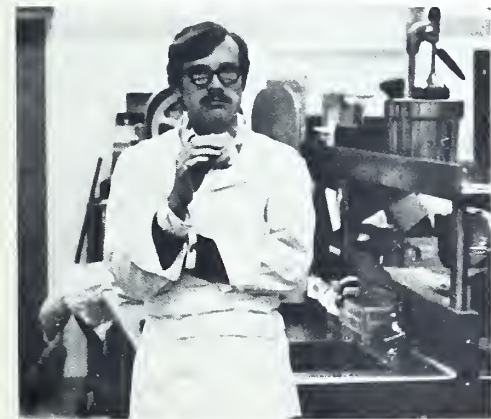

Having fun was the name of the game at the Mountain Heritage Fair held October 2 at the Smith-McDowell House. Entertainment was provided by local clog teams, musicians, and speakers. The old magnolia tree served as a backdrop for Mr. Howard Hanger's presentation of 1776 history, as seen by Benjamin Franklin. An auction held at the fair raised nearly 800 dollars for the restoration of the Smith-McDowell House, which is now over 130 years old.

# LEADERSHIP LAB OCT. 17-19, 1976

The way is long  
--let us go together  
The way is difficult  
--let us help each other  
The way is joyful  
--let us share it  
The way is ours alone  
--let us go in love  
The way opens before us  
--let us begin

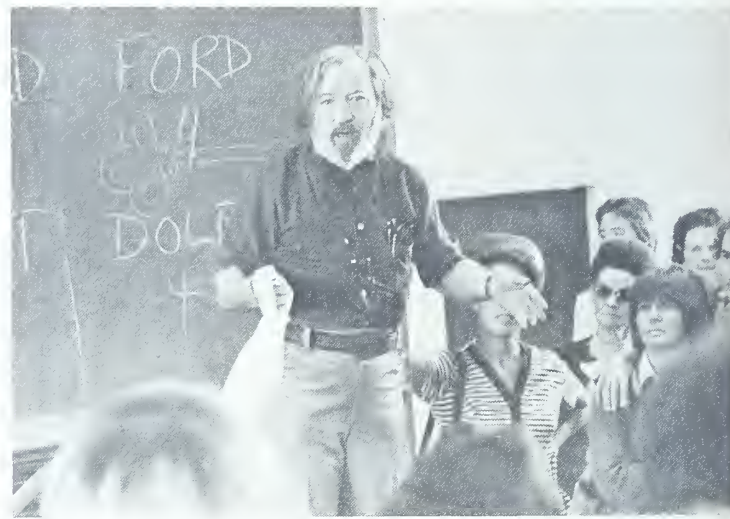

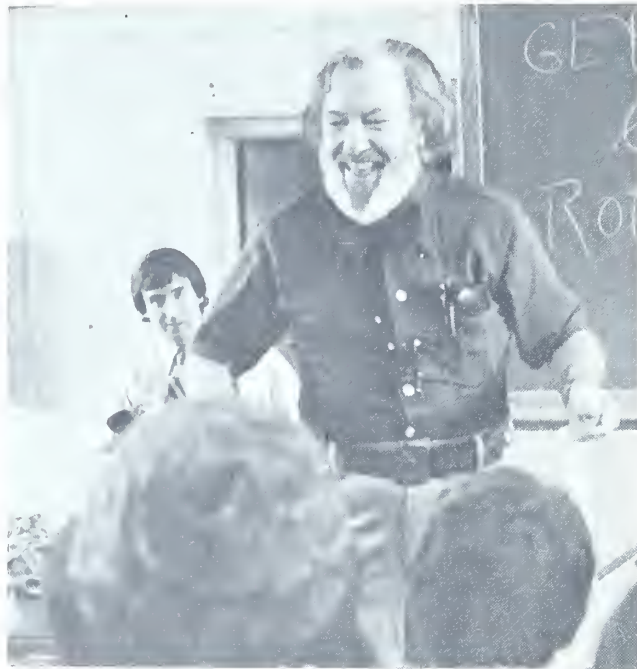

Lord, help me in my searching-  
Let there always be  
New mysteries to behold-  
New questions to pursue-  
New horizons to seek!

# MR. FINGERS

Amazement was on the faces of all who saw "Mr. Fingers" perform his feats of magic. A-B Tech was very fortunate to have this wonderful magician perform for us early in the fall quarter. His tricks were baffling and entertaining.

## GRADUATION

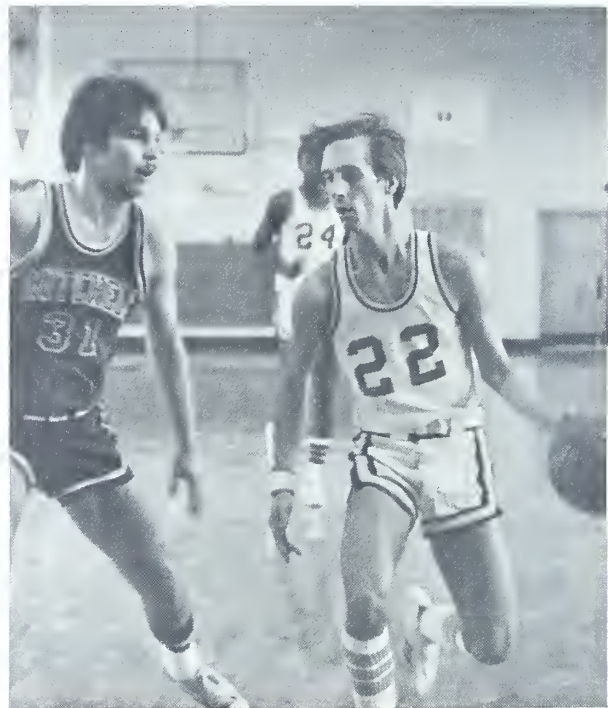

Graduation- A time for saying goodbye and stepping out into a brand new world. On August 27, 471 A-B Tech seniors took that step. It was a lot of hard work, but it was worth it.

# ATOMICS - VS - FACULTY

# 1976-77 CHEERLEADERS

"The Mighty Atomic Cheerleaders" are a group of dedicated hard-working girls that work to keep the spirit here at A-B Tech alive. They put in many hours of hard practice, but are always full of energy and ready to support our team. These girls keep our thoughts going in one direction--TO WIN!!

Each day we have the freedom to make decisions, meet new people, share experiences with each other. Our school years should help us to appreciate this freedom.

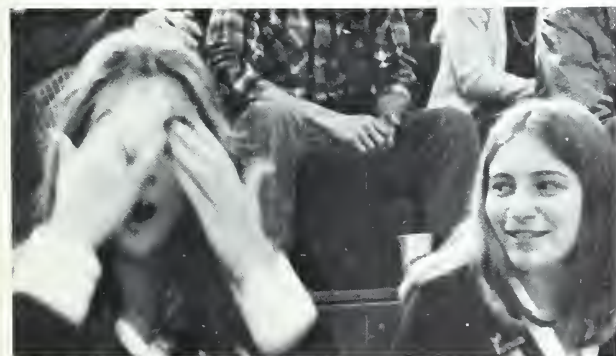

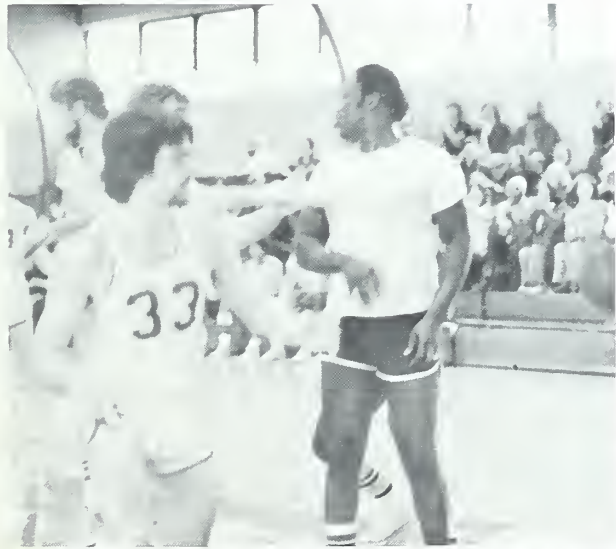

A-B Tech was unable to have a girls basketball team this year because the girls did not use their freedom to make this decision.

This page of our 1977 yearbook is dedicated to the girls who did attend those few practices, the ones who wanted to make A-B Tech have the freedom to make decisions, the ways to meet new people, and the chance to share experiences with each other.

We hope that in the future the girls of A-B Tech will appreciate and use this freedom and make a wise decision.

4. The Dean of Continuing Education
5. The Director of Personnel
6. The Vice-President of Student Services
7. The Vice-President of Fiscal Services
8. The President of the Faculty Organization
9. The Chairman of the Institute Forum
10. The President of the Student Body

## Purpose:

To advise the President on matters pertaining to the overall operation of the Institute program and to keep the President informed of the progress, problems, and needs in the various divisions. The Council shall also serve as one communications link between the President and the divisions to facilitate operations and functions of the Institute.

# FACULTY ORGANIZATIONS

The purpose of the organization is to participate in the formation, implementation, and review of institute policy and to provide means for the faculty to act effectively on educational policies at A-B Technical Institute, especially those concerned with:

1. Admission standards and policies.
2. Academic activities, curriculum development, the appraisal and improvement of the educational process, methods of teaching and testing.
3. Certificate, diploma, and degree-granting functions.
4. Appointment, promotion, and retention of faculty members.
5. Faculty welfare
6. Student affairs
7. Planning for Institute growth and development.
8. Faculty In-Service programs.
9. Other matters, not previously included, which directly or indirectly affect educational policy and activities.

# ACADEMIC AFFAIRS COMMITTEE

## Membership:

1. One representative from each of the six educational divisions, elected by members of the division.
2. The President of the Student Body or his appointee.
3. Continuing membership will consist of:

  - c. The Registrar

## Non-Voting Membership:

1. The Dean of Instruction shall serve as permanent chairman.
2. Any faculty member.
3. Instructional Directors.
4. The Learning Lab Coordinator.

The Academic Affairs Committee will serve as the coordinating body for curriculum objectives and other academic matters. This committee shall assume responsibility for implementation of general policy and specific academic details as determined by the governing body through the President of the Institute. This committee shall serve to insure that the scope and nature of the curriculums is related and defined in the overall stated purpose of the Institute and in keeping with available resources.

# ADMISSIONS COMMITTEE

Purpose of Admissions Committee:

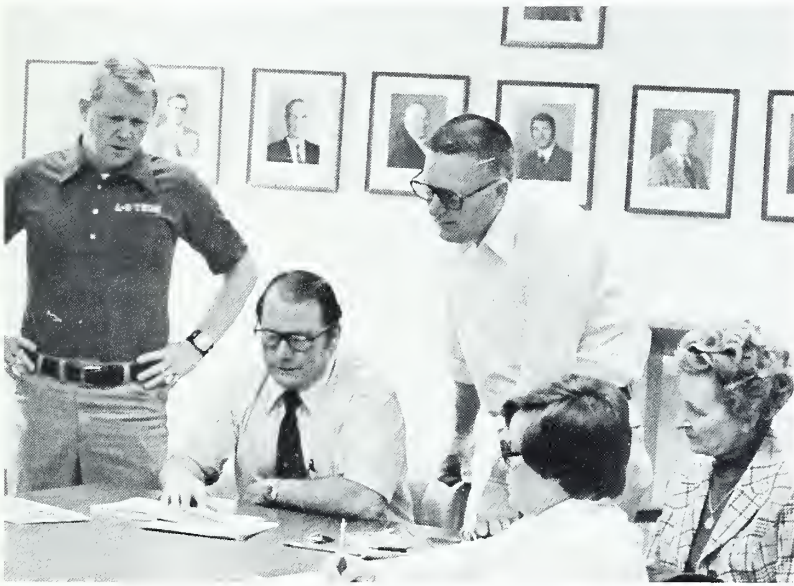

1. To consider for admissions those students whose credentials are borderline for placement into the curriculum of their choice.
2. Review all applications for readmission.
3. Review all applications and testing procedures.
4. Determine the criteria for placement within all curriculum areas.

Membership is appointed by the Vice President of Student Services.

Present voting membership:

1. The Vice President of Student Services
2. The Registrar
3. The Dean of Evening Programs
4. Four faculty members
5. One student-Recommended by the Student Senate

The Director of Counseling Services serves in a non-voting capacity.

# IN-SERVICE EDUCATION

## Purpose of In-Service Education:

1. To act as an educational agent effecting changes within staff and faculty
2. To serve as a liaison between the faculty's needs and those that can fill those needs.
3. To promote thinking and working together among faculty and staff.
4. To investigate details involved in offering requested courses on campus.
5. To be of maximum service and assist members of the Institute in every way possible.
6. To meet the needs of faculty and staff with educational opportunities.

## Membership consists of:

1. One elected faculty member from each division with an additional representative from the division providing the chairman.
2. One member of the administrative staff.
3. Vice-President of Instructional Services

Term of membership: Three years.

Vice-President of Instructional Services shall be a permanent member.

# INSTITUTE FORUM

The purpose of the Institute Forum is to make recommendations to and advise the President on matters pertaining to the overall well being of the Institute faculty, staff, and students. The Forum serves as an overall coordinating body representing all Institute personnel and recommends action consistent with policy as established by the Board of Trustees, State Board of Education and the general statutes of North Carolina. The Forum is specifically concerned with:

- a. Faculty, staff, and student welfare
- b. Planning for Institute growth and development
- c. Professional enrichment of faculty and staff
- d. Considering matters and problems presented to the Forum by the President of the Institute
- e. Recommending action on any matter not specifically assigned to some other officially designated group or individual

# LRC BUILDING COMMITTEE

The primary function of the LRC Building Committee was to define the needs of the instructional program in terms of a building program that would guide the architects in designing the new Learning Resources Center. This building program indicates the functional aspects of the building, showing spatial relationships, production and public service areas, projected seating capacity, volume capacity and staff requirements. The building program also outlines for the architects the long-range requirements, justification for the new LRC, and a projection of needs and priorities.

Each instructional division of the Institute was represented on this committee, along with representatives from administrative areas and the Learning Lab. A wide scope of participation will help insure a new LRC building which meets the needs of the Institute and community.

# STUDENT FINANCIAL COMMITTEE

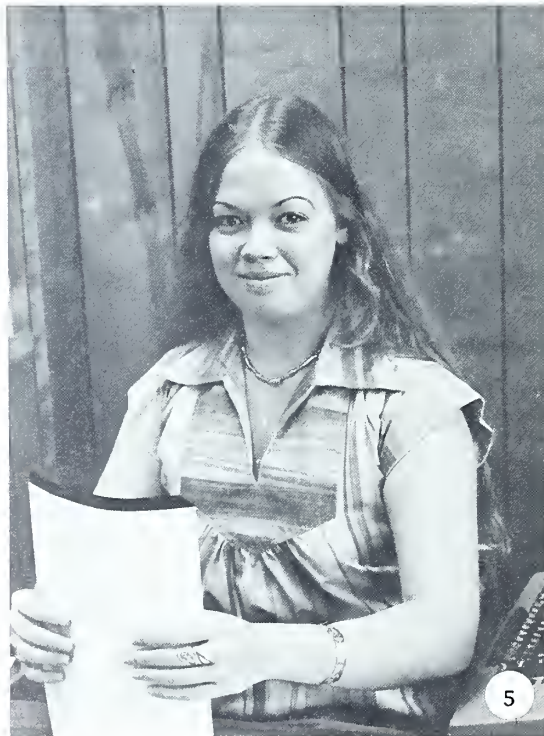

The purpose of the Student Financial Committee is to establish principles, policies, and procedures for the total operation of the Institute's Student Financial Aid Program.

Membership consists of:

1. The Director of Financial Aid
2. The Business Manager
3. The Registrar
4. The Director of Counseling
5. Two faculty members from the Division of General Education appointed by the director of the division.
6. One student selected by the Student Senate.

## GROWING . . .

A new addition to the A-B Tech campus is a Learning Resources Center formerly known as the Library. The new center will consist of a library, audio-visual section, and a future location for the Learning Lab. The new double level building will seat 120, with a book capacity of 30,000 volumes. A very special added attraction is a beautiful lighted open stair-well.

# LEARNING LAB

A very important educational resource of A-B Tech is the Learning Lab. The Learning Lab is a program designed to help individuals achieve and reach objectives in their educational life. The trained personnel are always ready to become involved in helping all that come for guidance and learning.

## PRESIDENT

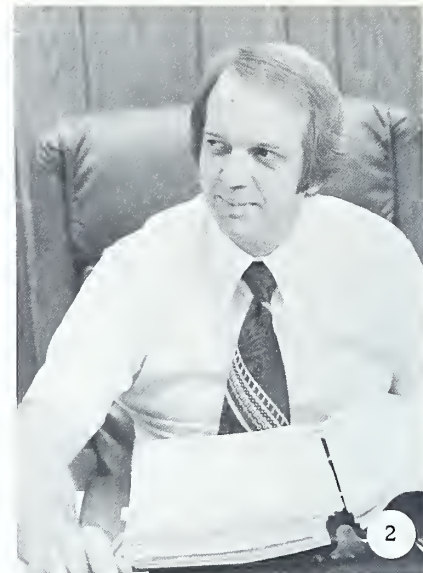

Each year brings change at the institute--new faces, new buildings, and new opportunities. Asheville-Buncombe Technical Institute has grown from a mere concept to a vibrant reality. Students concerned with occupational preparation, instructors concerned with providing educational experiences that are practical and meaningful, administrators concerned with faculty expansion, and board members concerned with securing funds and developing policy. All make up the complex of this institute.

As you leave the institute, we hope that you will be prepared for a lifetime of working in a field that will be rewarding and satisfying. We also hope that you will remember your stay with us and will give future support as we continue to grow. Best wishes for success and happiness from all of us at Asheville-Buncombe Technical Institute.
